Rubkari No 1937 dated 15th June 1895 from the Deputy Commissioner Tumkur District soliciting sanction to the introduction of the system of issuing raw rations instead of cooked food into the Government Anna Chattrums at Sira and Sibi as proposed by the Amildar of the Sira Taluk and stating that as his proposal seems reasonable the same may be carried out in regard to all the Chattrums in his District

Translation of the Sira Taluk Amildar's Kanarese Report No 1053 dated 8th June 1895 to the Deputy Commissioner, Tumkur District

'There are two Government Chattrums in this Taluk one at Kasaba Sira and the other in the temple at Sibi The monthly Tasdik and Paditara allowance assigned to each of the institutions are as follow —

		Rs	a	p	
Sira Chattrum—					
Paipattegar		2	6	0	} paid to Paipat
Gollar		1	3	0	} tegar.
Nivedyasamarpane		1	3	0	
Gandhakshate		1	3	0	
Panchanaik		3	10	0	
Cook		3	10	0	
Sweeper		0	11	0	
Total of establishment charges					Rs 13 a 14 p 0
Paditara allowance					29 0 0
Total Tasdik					42 14 0

		Rs	a	p	
Sibi Chattram—					
Paipattegar		2	6	0	
Devatrichame		1	3	0	
Gandhakshatê		1	3	0	} paid to the same
Gollar		1	3	0	} individual.
Panchanaka		3	10	0	
Cook		3	10	0	
Sweeper		0	11	0	
Total establishment charges					Rs 13 a 14 p 0
Paditara allowance					29 0 0
Total Tasdik					42 14 0

"2 For the past one year I have been in charge of this Taluk I have found that at the Sira Chattram, the Paipattegar and the Sweeper are the only two servants who do any really useful work at the Chattram The Paipattegar daily distributes rations to travellers This is sufficient work for him both in the mornings and in the evenings The Sweeper does her work receiving very poor wages Besides the Gosayis who apply for raw rations no one has ever seen a single traveller desiring cooked food at the Chattram The Panchanaka and the Cook consequently draw their pay to no purpose and are attending to their own private affairs When there is no food cooked in the Chattram it is a question for consideration how far the two servants holding the Gandhakshate and Devatrichame offices, are useful to the institution The travellers visiting the Chattram are so many that the Paditara allowances now assigned to the institutions are not adequate to keep the Chattram going even for twenty days in the month"

"3 The Chattram at Sibi is also in the same condition as the Sira Chattram Of the Chattram servants, some reside in distant villages and others in distant Taluks But this is not due to any fault of theirs It is the result of their being useless to the institutions"

"4 Of the Paditara allowances assigned for feeding of travellers at each of the Chattrams in question, a monthly quantity of 80 seers of rice with condiments is given away to the servants attached to the institutions Instead of keeping up such useless establishments, it will be better if only one Brahmin servant and one Sudra servant are retained for each Chattram, and the services of others dispensed with There would then be a saving in the Tasdik allowance as also in the Paditara allowance These combined will be quite enough to distribute rations to the travellers throughout the month The Brahmin servant may be designated Cook and Panchanak and allowed a pay of Rs 6 a month No servant could be secured for this work on a less pay The Sweeper now receives a pay of 11 annas in cash besides some rice allowance It is too much to expect that one on so low a pay, will consent to stay at the Chattram and keep it in a cleanly condition As no one could be got for this duty for less pay than Rs 1, I would propose that the pay of the sweeper be raised to that amount. If this arrangement be adopted, the establishment will then cost only Rs 10, and greater amount will be available for Paditara. Besides the 80 seers of rice now consumed by the servants at each Chattram will also be available for the benefit of the travellers Reference is requested to Government Proceedings No. 10861-94—R 1645 of January 1895, regarding the Chattrams in the Chitaldrug District"

"5. There is not the least objection to introducing into the two Chattrams of this Taluk the changes adopted in the Chattrams of the Chitaldrug District I beg that the sanction of the Mysrai Superintendent may be obtained to introduce the changes proposed with effect from the 1st proximo I further request that permission be granted for bringing this scheme into operation from the said date even in anticipation of such sanction. I am unable to describe the incalculable benefits that will accrue to travellers by the introduction of this new scheme."

Muzrai, dated 10th August 1895.

'6 The Brahmin servant who is to be appointed under the new system on a salary of Rs 6 a month will always remain at the Chattram and will cook food for any sick or infirm travellers who are unable to cook for themselves and desire to be fed, and will also attend to the distribution of raw rations to other travellers Of the servants now employed at the two Chattrams four will have to be retained under the new scheme Of the other servants the Paipattegar of the Sira Chattram is a young man and qualified in every respect for other work I will provide him with a place on the occurrence of a vacancy The services of the others will have to be dispensed with"

No 215-6—Muz F. 8-95, dated, Bangalore, 10th August 1895.
